Hannibal Hamlin, Hon. J. W. Bradbury and the Hon. Mr. Felch, now of Michigan. Of the 106 members who sat in the Senate during the six years beginning with 1847, only three others are now living. A local board of health appointed only after an outbreak of an infectious disease has scattered its infection broadcast necessarily works under many disadvantages, but the local board of health of Brookton is to be congratulated for bringing to a close an outbreak of scarlet fever under the unfavorable circumstances to which we have referred. In his final report the secretary wrote that the disease spread from no house in which the instructions -f the board were observed. In investigating the source of outbreaks of diphtheria, keep clearly in mind that this disease is communicable, that it is not clear even yet whether it is a filth disease or not, but that it is probably not, and that, though it has been shown to be capable of distribution through milk supplies, we have not the least evidence to prove that diphtheria is ever spread by water supplies. This will indicate the most promising line of inquiry, nevertheless in many outbreaks the source of the primary infection will elude the search for it. We have several subscribers in Georgia, formerly residents of Maine. Some of them have gone there to And a milder climate on account of failing health. When they write to us,...
